

PRINCE2® Practitioner Plus

ILX Group's accredited PRINCE2® Practitioner Plus course contains all of the training and materials you need to attain both the Foundation and Practitioner qualifications in PRINCE2® – without attending a classroom! The course combines interactive multimedia training, video, practical exercises using our PRINCE2® project simulation, mock exam simulators and paper based exercises. Using the latest developments in e-learning the PRINCE2® Practitioner Plus course will provide you with the knowledge and understanding of the scope, content and structure of the PRINCE2® method to fully prepare you for the PRINCE2® Foundation and Practitioner exams. The highly interactive PRINCE2® Foundation exam simulator will give you a real-time opportunity to practice your exam technique prior to attempting the real exam.

In addition, our PRINCE2® project simulation will enable you to practice many of the core skills and develop your approach to taking the PRINCE2® Practitioner exam.
