

PRINCE2® Foundation for individuals

ILX Group's accredited PRINCE2® Foundation course for individuals covers all aspects of the PRINCE2® Project Management method. Using voice over and animation, the course is equivalent to the three-day workshop, but in an easy to use and convenient format. The course also includes support from an experienced PRINCE2® trainer. It is ideal for anyone looking to train in a time, pace and location to suit them. It takes around 10–12 hours and once completed you can sit the official exam at an ILX test centre.

Benefits

- Cost effective approach to becoming PRINCE2® qualified
- Full tutorial support
- Interactive questioning throughout the course to help retain knowledge
- Dual English voices to keep learners interesting
- Self paced so you can move forward as your confidence increases
- On demand training

Target Audience

- Contractors / consultants who need a fast, flexible training course
- Individuals looking to start a career in the Project Management and PRINCE2® environment
- New and experienced project staff
- People who wish to progress up to Practitioner training
- Project team leaders and their staff

Why e-learning?

E-learning provides a flexible and cost effective way to increase your qualifications. It puts you in control and makes learning easier and more enjoyable by allowing you to study in your own time and at your own pace. It also enables you to focus on subjects and information that interest you or where you need to improve your knowledge. You can also repeat sections as many times as you need during the course and as a refresher.

What's included?

The package consists of an interactive CD-ROM based on the PRINCE2® Foundation syllabus which uses innovative multimedia training and a mock exam simulator. The course consists of five key lessons covering introduction, basic concepts, Processes, Components and Techniques. Also included is a case study about setting up and running a PRINCE2® project.

- Leather binder complete with Foundation interactive CD-ROM
- PRINCE2® Manual
- PRINCE2® Process Model
- PRINCE2® User Guide
- PRINCE2® Foundation exam fee
- Passing the exam hints and tips book
- Mock exam simulator
- FAQ's and keyword search
- Full tutorial support

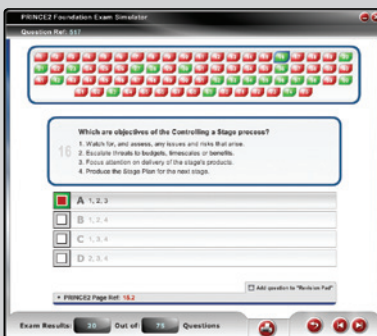

Minimum Requirements

The course is designed to be run from a multimedia PC, with a CD-ROM and sound. The PC should have a minimum of 128MB memory and SVGA graphics.
