

# Programme and Project Sponsorship (PPS)

In today's modern world, organisations are continually changing, reviewing and updating their capabilities. Implementing new strategies and initiatives will typically be delivered by targeted programmes and / or projects. These programmes and projects require a champion and sponsor to be accountable for successful delivery.

The Programme and Project Sponsorship course from ILX Group has been developed to provide a clear understanding of what is required of the Programme and Project Sponsor. Not only does it address the key question, 'What should I be doing?' but also 'What is an appropriate level of my involvement?' and 'What should others be doing for me?'
