# ITIL® Managing Across the Lifecycle (ITIL3MAL)

The IT Infrastructure Library® (ITIL®) is the most widely accepted approach to IT service management in the world. ITIL® is a best practice framework that has been drawn from both the public and private sectors internationally. It describes how IT resources should be organised to deliver business value, documenting the processes, functions and roles of IT Service Management (ITSM).

This course brings together the full essence of a Lifecycle approach to Service Management, and consolidates the knowledge gained across the qualification scheme. The course completes the ITIL® Capability and Lifecycle qualification programme, and leads to the ITIL® Expert qualification.
