

PRINCE2® Practitioner Certificate

The Practitioner is the second of two PRINCE2® examinations that you are required to pass to become a Registered PRINCE2® Practitioner.

This examination measures whether a candidate would be able to apply PRINCE2® to the running and managing of a project within an environment supporting PRINCE2®. To this end candidates need to exhibit the knowledge required for the Foundation qualification, and show that they can apply and tailor PRINCE2® appropriately to address the needs and problems of a specific project scenario.

This course conforms to the syllabus for those delegates wishing to gain Registered PRINCE2® Practitioner level certification.
