Peter is a highly experienced consultant with a deep expertise in project, programme and portfolio management, in particular the OGC's PRINCE2®/MSP® methods and P3M3 Maturity Modelling. A practicing Programme and Project Manager and consultant, he has particular proficiency in strategy, management, maturity modelling, training, design, development and delivery across Project and Programme Management.

Chartered MCIPD, MAPM, PMP, MIBC CMC

Key Skills & Attributes

- o Peter is a highly motivated and experienced individual. He is adaptable and approachable and comfortable working at all levels within an organisation from Senior Executives to team members.
- o Skilled in designing and delivering project solutions, including training for Cable and Wireless Global on its Capital Efficiency Programme - involving business case production and costing, project strategy and planning, control of portfolios, programmes, projects and successful implementations.
- o He has also been responsible for the design and delivery of an extensive programme of both public and in-house training workshops/programmes for clients: covering project management processes, tools, techniques and methods, also developing individual and team soft and management/leadership skills, tools and techniques

Experience

- o Delivery of PRINCE2®, MSP®, APMP, PMP and bespoke project management training and consultancy, including detailed planning and control courses and workshops, to major public and private sector clients.
- o He has widespread experience both as a board member and as a consultant in providing board-level programme/project management consultancy, advice, mentoring and guidance to other board members and senior management teams, including formulating business/project strategies to satisfy business objectives.
- o With extensive practical project and programme management experience he has led programme and project teams in the delivery of high profile programmes and projects for public and private sector clients based, when necessary, on critical elements of PRINCE2®/MSP®, and the PMI and APM Body's of Knowledge.

Professional Accreditation

- o Chartered Member CIPD
- o Member Association for Project Management
- o Member Institute of Business Consultants
- o Certified Management Consultant MIBC
- o BA(Hon) Management Science
- o Registered Consultant for PRINCE2®/MSP® and PPM
- o Accredited PPS, PRINCE2® & MSP® Trainer
- o Registered PRINCE2® Practitioner (P2P)
- o Registered Managing Successful Programme Practitioner (MSP®)
- o Registered Programme and Project Sponsor (PPS®)
- o PMP – Project Management Professional (PMI)
- o APMP – Association for Project Management Professional (APM)

PRINCE2® and MSP® are Registered Trade Marks of the Office of Government Commerce in the United Kingdom and other countries
