PRINCE2® Foundation & Practitioner VILT

PRINCE2 TRAINING ORGANIZATION ACCREDITED BY PEOPLECERT ON BEHALF OF AXELOS

PRINCE2 is the world's most widely used method for managing projects. It helps you work out who should be involved and what they will be responsible for. It gives you a set of processes to work through and explains what information you should be gathering along the way. But PRINCE2 doesn't do the work for you; it cannot guarantee your projects will be successful.

Good projects that deliver quality results, on-time and within budget are dependent on the capability of people involved from Project Board down to individual members. This course conforms to the syllabus for those delegates wishing to gain both PRINCE2 Foundation & Practitioner level certifications.

WHAT IS VILT?
Virtual instructor-led training (VILT) incorporates both the personal teaching experience of a classroom, with the ease and flexibility of a virtual environment.

Our VILT courses are interactive and engaging, allowing participants to communicate with both the instructor and each other in a collaborative manner.
